Yes, I do wish to be on the Landmarks Commission. Let me know if you need anything else from me.

My name is Kim Massey. My family resides on Park Street in Menasha. My passion and enthusiasm for Doty Island, Menasha and beyond extends from early stories that my father shared with me over the course of my lifetime. It was these shared stories that perpetuated my current interest in being a part of the Landmark Commission. There is such value in understanding and appreciating the significant historical, cultural and architectural and archeological resources that exist around us; and, in doing so, stories are shared and the public becomes aware of the value of historical preservation.
